

Just So You Know Acoustic

Versus Me

You put a song in my heart that took me away from everything and
filled in the empty space
Where I would have probably remained for the rest of my days

I've always looked upon you as a perfect person
To find myself more attached to your imperfections
Now is the time I reflect on who've I've become
And if it wasn't for you this could have never been done
Drawn by your flaws that make you unfit
For this world that we are all forced to be perfect

You put a song in my heart that took me away from everything and
filled in the empty space
Where I would have probably remained for the rest of my days
Take the world down with me; I'll make you understand
Just how much you changed me from when we both began
With you it's like I'm dreaming, when I'm not asleep
So take the world down with me, Take the world down with me

Every day you give me, a reason to believe in me
No matter what's against me I know
You'll always have my back
No matter what is happening I know and understand you'll always
have my back
You're the only light I need
(Across the night, I won't be scared
Because I realize right here tonight that you were always there
)
I'll give you all I've got and more
How can I thank you for opening this door?
I will carry this torch through the endless night
Because it's what you do that completes my life
This is a thank you for filling my half empty moments

Take the world down with me. I'll make you understand
Just how much you changed me from when we both began
With you it's like I'm dreaming when I'm not asleep
So take the world down with me
Take the world down with me

You're the only one who can
I know that Love can be a powerful emotion
Giving a room air so thick
It's like wading through water
An invisible ocean
Feeling like time is slowing in motion
