

# Talk Too Much

Versus Me

I know that we don't talk too much  
But there's so much I could say  
And all the things I'd do for love  
Would never make this go away

I know I could wait forever  
But I know you will say  
I know that we don't talk to much  
Talk to much

I really wanna take you out  
And show you that I am for real  
All I need is just one chance  
To show you everything I feel

I know I could wait forever  
But I know you will say  
I know that we don't talk to much  
Talk to much

Every time you're here, there's a feeling I get  
It's in the way you move, something I can't forget  
You make my heart go (Oh ah oh oh oh oh) (Oh ah oh oh oh oh)

Every time you're here, there's a feeling I get  
It's in the way you move, something I can't forget  
You make my heart go (Oh ah oh oh oh oh) (Oh ah oh oh oh oh)

We don't have to tell your friends  
It's a secret between us  
Promise me you'll just say yes  
Because a maybes not enough

I know I could wait forever  
But I know you will say  
I know that we don't talk to much  
Talk to much

Every time you're here, there's a feeling I get  
It's in the way you move, something I can't forget  
You make my heart go (Oh ah oh oh oh oh) (Oh ah oh oh oh oh)  
Every time you're here, there's a feeling I get  
It's in the way you move, something I can't forget  
You make my heart go (Oh ah oh oh oh oh) (Oh ah oh oh oh oh)

Every time you're here (Yeah)  
Cause I want yah near (Yeah)  
Cause I want yah  
And every time you're here, there's a feeling I get  
It's in the way you move, Something I can't forget  
You make my heart go (Oh ah oh oh oh oh) (Oh ah oh oh oh oh)

Every time you're here (Yeah)  
Cause I want yah near (Yeah)  
Every time you're here (Yeah)  
Cause I want yah near (yeah)
