

Answer Me

Vertical Horizon

It seems you're feeling down
You don't know how long
But you know you don't like it
Lost in your room

It seems you're feeling tired
You don't know what from
One too many parties
Makeup hides the wounds

[Chorus]
Answer me
Giving up won't get you out
Can't you hear me
Come and leave this room of doubt
Answer me

It seems you're feeling scared
You don't know how come
Hiding in the shadows
Praying for the sun

[Chorus]

It seems you're feeling old
You don't know how long
Holding on to memories
Waiting for the song

[Chorus]
