

# One Time Around

Vertical Horizon

I'll close your eyes  
I'll try to find you  
Into the light  
I'll be behind you

It's just a touch  
It may not be the answer  
It's all you've got  
And I may not be too tender

Just this one time around  
Let this love be all you live for  
Just this one time around  
Let this love be all you breathe for  
Ah ah ah ah ah

I'll hold you in  
I'll bring you closer  
Let it begin  
I'll take you over

Come stay with me  
Listen to the quiet  
Tell me what you see  
And I'll try to hide it

Just this one time around  
Let this love be all you live for  
Just this one time around  
Let this love be all you breathe for

I wanna be here now  
I wanna be seen  
I want to go where I've never been  
We might be lost here  
We might be found  
But I need this to happen  
One time around

Close your eyes  
I'll make you wonder  
Oh what's inside  
Let me pull you under

Just this one time around  
Let this love be all you live for  
Just this one time around  
Let this love be all you breathe for  
Ah ah ah ah ah
