New Jerusalem

Vertical Worship

Somewhere we know but haven't been, like a song forgotten
A place prepared beyond the end, our home in new Jerusalem
A palace made of promises, a garden and a fortress
A world that's built on what You said, our home in new Jerusale
m
Our home in new Jerusalem

Standing there in purest light, with no more pain and no more n
ight
He holds the tears her ears have cried, the Bride of new Jerusa
lem
Who filled with love would give His life, to save His one and o
nly Bride
Who's name is true and lifted high, The king of new Jerusalem
The king of new Jerusalem

His will is done, His kingdom come, eternity has just begun
The multitude will sing as one, the song of new Jerusalem
A music free from bars or time, a symphony of His design
The Lamb of God enthroned on high, the hope of new Jerusalem
The hope of new Jerusalem

A music free from bars or time, a symphony of His design
The Lamb of God enthroned on high, the hope of new Jerusalem
Oh, the hope of new Jerusalem

Somewhere we know but haven't been, like a song forgotten
A place prepared beyond the end, our home in new Jerusalem
Our home in new Jerusalem
