

Eyes On You

Veruca Salt

I'm falling awake at daybreak
and I've got my eyes on you
I'm playing it back the heart attack
that opened my eyes to you

Wait, don't grow up yet
Cause it's late
We're wired and underslept
I can trace arrows and evidence back
to you

Rewinding again to the moment
when I lost the lives to you
You're holding my gaze
I'd rearrange the clouds in the skies
for you

Wait, don't grow up yet
Cause it's late
We've gotta stay up for the end
I can trace arrows and evidence back
to you

Out under the stars I hear you say
I am your sun and you're my shade
Hey
Hopscotch in the driveway after dark
These are the thorns and these are shards
Float on the hops

I'm falling awake at day break
and I've got my eyes on you

Wait, don't grow up yet
Cause it's late
I'm wired and underslept
I can make sense of the secrets left
I can trace arrows and evidence
And we hide all the letters sent
And we drive reckless and radiant
And we lied
