

Cable

Verzache

I been watchin' cable
Got my coffee on the table
My mental's been unstable
Man, I wish I had an angel

Too much to ask? I guess so
I know it probably gets old
But my mind is unstable
So I'll keep watchin' cable

(Watchin' cable)
And I keep watchin' cable
(Watchin' cable)
'Cause I keep watchin' cable
(I'm watchin', watchin' cable)
And I'm not gonna stop now
Pass out on the table
Back to watchin' cable

Listen, shootin' my shots
Now I'm missin'
(Missin', yeah)
Wishin', found out a way
To stop sinkin'

'Cause I'm thinkin'
'Bout all the days that I spent at home
All the days I smoked alone
Even when I said, "No I won't"

So I lose the feelin', take that cup
I could have another one
I get dizzy when times flies
So lookin' up, I close my eyes

Fucked up when you're gone
I wish I was right
But I'm always wrong
Gotta learn through life

Always up all night
On my phone all day
Wanna make up time
From when I lost my way

(Watchin' cable)
'Cause I keep watchin' cable
(Oh)
(Watchin' cable)
'Cause I keep watchin' cable
(Oh)
(Watchin' cable)
(Oh, oh)
'Cause I keep watchin' cable
(Oh)
'Cause I keep watchin' cable

I've been watchin' cable
(Oh)
Got my coffee on the table
(Oh, oh)
My mental been unstable
(Oh)
Man, I wish I had an angel

Too much to ask? I guess so
I know it probably gets old
But my mind is unstable
So I keep watchin' cable...
