

# Fool

Verzache

You're so petty  
Gone out of your way to piss me off  
It's so extra, I thought I knew you  
You're so pretty  
But I forced myself to know it doesn't count  
I did it for you, and I've got love for you

Goddamn, I'm a fool  
Thought we could get through

Girl what'd you do, what'd you do?  
It's just no use  
Just think this through, it's breaking you  
And I'm leaving soon

My God, why you gotta be so obnoxious?  
Got a bad feeling that the gloves already off you  
You're not moving on without causing problems  
You don't know any better if petty's what you wanted  
I don't think you know what you did  
And to be honest, I'm not sure but know I'm unhinged  
You awakened a side of me that shouldn't exist  
Just stay out of my orbit and do your own shit  
I can't stand this

Goddamn, I'm a fool  
But hey that makes two

The pit in my stomach, I can't believe you'd come out here  
Caught me by surprise, but I'm alive  
And I'm so pissed I can't see clear

Girl what'd you do, what'd you do?  
It's just no use  
Just think this through, it's breaking you  
And I'm leaving soon

Goddamn, I'm a fool
