

# Forgot

Verzache

Been struggling but moving on  
And I been thinking too much when I'm alone  
I'm so gone, man, I forgot  
Been losing sight of what I want  
Been struggling but moving on  
And I been thinking too much when I'm alone  
I'm so gone, man, I forgot  
Losing sight of what I want

Oh no, man, I don't wanna feel like that again  
Too much on my mind got me waking up super early  
Just 'cause I want love don't make me thirsty  
So what, I thought  
I had control  
I don't  
You took hold  
You took hold

Been struggling but moving on  
And I been thinking too much when I'm alone  
I'm so gone, man, I forgot  
Losing sight of what I want  
Been struggling but moving on  
Been thinking too much when I'm alone  
I'm so gone, man, I forgot  
Losing sight of what I want
