

## Nothing Lasts

Verzache

She's so young  
I'm all gone, [?]  
Waiting for, "I don't need you"  
Oh, later my heart was undone  
Oh, and now I'm waiting for the day it's done  
Nothing's gone fix me now

Oh, 'cause I know nothing lasts that long  
Oh, 'cause I know nothing lasts that long  
'Cause I know nothing lasts that long  
Oh, I wish that it would but it won't

And my head just hurts like crazy  
Too much, I need room, closed eyes I see you  
Scared to push because I don't want the end

She's so young  
I'm gone  
And I know nothing lasts that long  
Oh, 'cause I know nothing lasts that long  
Nothing's gone fix me now
