

## Summertime

Verzache

Oh, tell me what you know  
We could take it slow  
Yeah, we could go farther  
And oh, oh, don't you let me go  
You put on quite a show  
Your song's on the radio, yeah  
And oh, oh, as I bring you close  
My heart goes with the flow  
I get a little calmer  
And oh oh, I don't feel alone  
I start to lose control  
Man, look at my feet go  
Yeah, yeah, yeah

Gimme more, gimme more  
I can feel the beat inside my bones  
I'm not gonna stop until I cannot dance no more  
(Nothing's gonna get in my way)  
From coast to coast, man, look at my feet go  
Let's go for a ride  
Jump and slide

Oh, tell me what you know  
We could take it slow  
Yeah, we could go farther  
And oh, oh, don't you let me go  
You put on quite a show  
Your song's on the radio, yeah  
Oh, oh, as I bring you close  
My heart goes with the flow  
I get a little calmer  
And oh, oh, I don't feel alone  
I start to lose control  
Man, look at my feet go  
Yeah, yeah, yeah
