

I Am Here

VETO

I am here
I can feed your rigour
I am here
I can squeeze the trigger

You're part of a motion
Forget yourself
You swim in an ocean
Submerge yourself
You are an explosion
You're part of a motion

I am here
I can make you bigger
I am here
I can squeeze the trigger

You're part of a motion
Forget yourself
You swim in an ocean
Submerge yourself
You are an explosion
You're part of a motion

I can clean the grime that warps your picture
I can twist truths out of conjecture
