Misery

VEXED

Peel back my skin and look deep within
I cannot find my mind, it's somewhere lost inside
De ja vu or just another curse?
I'm running out of luck, think I should just give up

Save me from myself
'Cause I'm living in hell
I know this won't end well for me

One for sorrow, two for misery
How many more times can I face this agony?
Third time lucky or am I kidding myself
Cos this anxiety is blinding me and I need your help
I need your help

How could I have been so pathetically naive?
I feel sick to my stomach it's happened again
How much longer do I have to pretend that I'm okay
There's nothing that'll get in my way
It's not just Gods that get betrayed

One for sorrow, two for misery
How many more times can I face this agony?
Third time lucky or am I kidding myself
Cos this anxiety is blinding me and I need your help
I need your help

Lead us not into temptation, it only leads to devastation
