Feel It Boy

VHS Collection

Lost in time, it's 1999
I'm on fire, hot pink and lady wine
She's so high, a car crash in the sky
She read my mind and taught me how to fly

She said...
Oh, oh, you've got to feel it boy
You've got to feel it in your soul
She said...
Oh, oh, you've got to feel it boy
You've got to feel it in your soul

I fell from grace, from up above the fray
On my way, I heard an angel say

She said...
Oh, oh, you've got to feel it boy
You've got to feel it in your soul
She said...
Oh, oh, you've got to feel it boy
You've got to feel it in your soul

Oh, baby deep blue
Don't you fade to grey
I will stay with you
If you stay this way

Oh, oh, you've got to feel it boy
You've got to feel it in your soul
She said...
Oh, oh, you've got to feel it boy
You've got to feel it in your soul
(You've got to feel it)
Oh, oh, you've got to feel it boy
You've got to feel it in your soul
Oh, she said...
Oh, oh, you've got to feel it boy
You've got to feel it in your soul
(You've got to feel it)
Oh, oh, you've got to feel it boy
You've got to feel it in your soul
She said...
Oh, oh, you've got to feel it boy
You've got to feel it in your soul
(You've got to feel it)
