

Fire

VHS Collection

Young believer caught the fever in the hot sun
Sunday speaker gonna save my soul
A TV preacher double featuring a re-run
Champagne Jesus, come on, make me whole

I got a lustful, bad feeling
That I am an unholy ghost
I'm shaking my fist, I am screaming
For reasons that God only knows

Ah, I need fire
Ah, I got you to blame
Ah, I need fire
I can't be saved, I'll burn in your flame, your fire, your fire

Young and tempted I relented like a bad son
I repented, then I touched myself
Velvet demon screaming louder than a shotgun
Dirty dreaming, go and love yourself

I got a lustful, bad feeling
That I am an unholy ghost
I'm shaking my fist, I am screaming
For reasons that God only knows

Ah, I need fire
Ah, I got you to blame
Ah, I need fire
I can't be saved, I'll burn in your flame, your fire, your fire

I just can't change, breaking by the minute
I can't be saved, save me now, save me now
Forget what they say, talk but I don't listen
I can't be saved, save me now, save me now
Ah, I need fire
Ah, I got you to blame

Ah, I need fire
Ah, I got you to blame
Ah, I need fire
I can't be saved, I'll burn in your flame, your fire
Ah, I need fire
Ah, I got you to blame
Ah, I need fire
I can't be saved, I'll burn in your flame, your fire, your fire
