

Searching For The Light

VHS Collection

I want to leave everyone that I know
I want to walk down a long lonely road
I never found any place to call home
I don't believe that I'm out here alone

I gotta look up
On the way down
I wanna scream at the top of my lungs so loud

Ahhh - I've been searching for the light
(I've been searching for the... I've been searching for the...)
Ahhh - I've been searching all my life
(I've been searching for the light, light)

Out of here I'm gonna lose track of time
I'm so lost but I'm easy to find
I never knew I could feel so alive
But every man must return to the sky

I gotta look up
On the way down
I wanna scream at the top of my lungs so loud

Ahhh - I've been searching for the light
(I've been searching for the... I've been searching for the...)
Ahhh - I've been searching all my life
(I've been searching for the light, light)

I got nothing left to lose
But I find it hard to choose
Oh it's the best that I can do
So I search for something new

Ahhh - I've been searching for the light
(I've been searching for the... I've been searching for the...)
Ahhh - I've been searching all my life
(I've been searching for the light, light)

Ahhh - I've been searching for the light
(I've been searching for the... I've been searching for the...)
Ahhh - I've been searching all my life
(I've been searching for the light, light)
