

# Survive

VHS Collection

Leaving my regrets now I'm a free falling angel  
Maybe holding back was my only crime  
Spinning like a record I am turning the tables  
I keep on coming back cause I survive

I survive, I survive  
Every time my neck is on the line  
I left ten thousand dreams behind  
I keep on coming back cuz I survive

Ahhh  
I keep on coming back cuz I survive  
Ahhh  
I keep on coming back cuz I survive

And I was born inside a tornado  
A devil with a broken halo  
Back against the wall unable  
I know the fear and I know how to fake brave though  
I've only ever been afraid of my shadow  
I know how to come back, I got backbone  
What if holding back was my only crime  
I keep on coming back cuz I survive

I survive, I survive  
Every time my neck is on the line  
I left ten thousand dreams behind  
I keep on coming back cuz I survive

Ahhh  
I keep on coming back cuz I survive  
Ahhh  
I keep on coming back cuz I survive

Singing alright, survive  
Singing alright, I'll survive (I keep on coming back cuz I survive)  
Singing alright, survive  
Singing alright, I'll survive (I keep on coming back cuz I survive)
