

The Deep End

VHS Collection

Washed out days, like the week before
Stone cold gaze, on the bathroom floor

Don't sell me out
Don't bring me down
Don't fail me now
Don't be afraid
Don't turn away
Don't be the same

How do I how do I fall in love
Why do I wander on the weekend
I'm alive, just a life holding on
Going down, down into the deep end

Ohhhh, tell me are you needing me now
Tell me are you needing me
Ohhhh, maybe we can figure it out
Tell me are you needing me

Paint my name, on the bedroom door
You won't play the game, what you come here for
Don't sell me out
Don't bring me down
Don't fail me now
Don't be afraid
Don't turn away
Don't be the same

How do I how do I fall in love
Why do I wander on the weekend
I'm alive, just a life holding on
Going down, down into the deep end

Ohhhh, tell me are you needing me now
Tell me are you needing me
Ohhhh, maybe we can figure it out
Tell me are you needing me

Ohhhh, tell me are you needing me now
Tell me are you needing me
Ohhhh, maybe we can figure it out
Tell me are you needing me
