

What Does It Mean

VHS Collection

I don't know what it feels like
When you look up at me
Tell me what do you see?
Traded all of my past lives
Tryna be somebody
Now I'm stuck in between

Tell me what does it mean?
When you came here to say... Goodbye
Then you asked me to stay

Tell me what does it mean?
Tell me what does it mean?
Tell me what does it mean?

I was caught in the moment
I was lost in the dream
I just had to believe
I'm sitting tight, holding steady
While you work your head out
Hope you left room for me

Tell me what does it mean?
Tell me what does it mean?
Tell me what does it mean?
Tell me what does it mean?
Tell me what does it mean?

And I see you
Only in yesterday
Hoping that you'll stay
Are we dreaming?
Was it a [?] to say
Throwing it all away

Tell me what does it mean?
When you came here to say... Goodbye
Then you asked me to stay
Tell me what does it mean?
When you came here to change... my mind
Now you're running away
Tell me what does it mean?
(Tell me, tell me, tell me what?
Tell me, tell me, tell me what?)
What does it mean?
(Tell me, tell me, tell me what?
Tell me, tell me, tell me what?)
Tell me what does it mean?
