

My Dear Friend

Vian Izak

I look up to the sky
The birds they fly
I think of you
I think of you my friend

And when I hear their song
I sing along
I think of you
I think of you my friend

It's a melancholy melody
I can feel the gravity

Can you believe what we're going through?
God give me peace as I'm losing you
I hope that I gave you all the love I could
Now that you're gone I am missing you
My dear friend

When the birds fly through the clouds
Do they go to where you are
Where you are my friend?

I hope you hear our song
And get the chance to sing along
Please sing along my friend

Can you believe what we're going through?
God give me peace as I'm losing you
I hope that I gave you all the love I could
Now that you're gone I am missing you
My dear friend

La la la la la la la la
Everybody's got a melody
La la la la la la la la

Can you believe what we're going through?
God give me peace as I'm losing you
I hope that I gave you all the love I could
Now that you're gone I am missing you
My dear friend

My dear friend
La la la la la la la la
My dear friend
La la la la la la la la
My dear friend
