Vibe Chemistry

So don't stop, just keep it coming  
I like the way that you talk now  
I can hear heaven is calling  
Stay with me till the morning

In your fantasy  
In your fantasy  
In your fantasy

I like the way it feels with your eyes on me  
It gets hard to conceal that I'm falling deep  
I like the way it feels with your hands on me  
On me

I like the way it feels with your eyes on me  
It gets hard to conceal that I'm falling deep  
I like the way it feels with your hands on me  
On me

'Cause when you touch me it's ecstasy  
And I come to life with your hands on me  
Don't wake me if it's just a dream  
I wanna live in your fantasy

In your fantasy  
In your fantasy  
In your fantasy

I like the way it feels with your eyes on me  
It gets hard to conceal that I'm falling deep  
I like the way it feels with your hands on me  
On me

I like the way it feels with your eyes on me  
It gets hard to conceal that I'm falling deep  
I like the way it feels with your hands on me  
On me
