

Peace Of Mind

Vibe Chemistry

Everyone's a soldier
These hearts are growing colder
Can't believe when I was young
I wished that I was older
Hah, it's funny
Funny how things change
Went from PlayStation games
To having dreams upon the stage
Now they paid
This is the page of an artist
Never been the smartest
But I've always tried my hardest
Put my oil in, took my chances
Questioned everything
Now I'm looking for the answers

I'm tryna find my peace of mind
I hope you don't mind if I find my peace
I'm tryna find my peace of mind
I hope you don't mind if I find my peace (yeah)

No one seems to be [?]
Someone tell my next of kin (yeah)
Breaking down these walls
Like I'm living in Berlin (what?)
Karma got me anchored
To the sin that I be swimming in
Been in it so long
It's starting to wrinkle my skin (uh)
Careful of your allies
It even spells "all lies"
Doesn't suit me
So I've had to cut all ties
Tie a noose around the rhythm

Dangling with air between his feet
Know I killed the beat

I'm tryna find my peace of mind
I hope you don't mind if I find my peace (yeah)
I'm tryna find my peace of mind
I hope you don't mind if I find my peace (yeah)

I don't mean to be pitiful [pita-ful]
Like I'm eating Greek
But when I hide they try and seek
Monday so mundane
Just another week
That's why we burn weed till our lungs bleed
