

# You Are Never Alone

Vic Chesnutt

It's ok, you can take a condom  
It's ok, you can take valtrex  
And it's ok, you can get an abortion  
And then keep on keeping on  
It's ok, you can take a prilosec  
And it's ok, you can take viox  
And it's ok, you can get a quadruple bypass  
And then keep on keeping on

You are never alone

It's ok, in moderation  
It's ok, cutting down  
It's ok, you can quit tomorrow  
But for now keep on keeping on  
It's ok, you can take the bible  
And it's ok, you can be saved  
And it's ok, you can be forgiven  
And for now keep on keeping on

You are never alone
