

# Major Payne

Vic Mensa

You coming home with me and my bitch  
I wanna see you strip  
She wants you, you want her, now kiss  
Lick her ass, ain't that some shit  
I'm the shit but no laxative  
Two at a time I want double the trouble  
I'm taking off with the humble to hubble  
I put your eyes in the back of your head  
I'll put your legs on the roof, she told her friend I'm the truth  
She wanna come, only two doors in the coupe, but I want two  
I'm squeezing the ho in the trunk, you fine, let's go to the truck  
TV's and the mirror, we fucked in the tub  
In the driveway, on the highway  
Fucked in the booth in the back of the club  
Dutty wining Jamaican girl  
Get the camera let's make a film  
Tore 'em one, make it count  
He's trash, Let's take him out  
Three's a company, that's enough for me  
If she fuck with me, she in love with me  
I can't say the same, Damon Wayans, that's major Payne

Major Payne, major Payne, major Payne  
Major Payne, major Payne, major Payne  
Cinderella slippers  
Dancin' like a stripper  
This is how you want it  
Major Payne

You a nasty girl I see it in your eyes, they wanna fuck me  
Ass, ass, ass hammer time, can't touch this, but touch me  
How many licks to the center of a pussy pop?  
I don't know, pop, pop, got no intention of bursting your bubble  
But I got a bitch you gon' get me in trouble  
But what if we go to my girl? She give the green light like she wanna go  
On a condition, you can shampoo in the shower, leave all your clothes on the floor  
You cold, like sprung in the snow, windy city bitch, blow let it blow (woah)  
Hold up now wait, I eat the pussy then scrape my plate  
Tiny waist on that china doll, oh baby I like it raw  
Ride dirty, five-  
thirty, eat the pillow, I make you bite your jaw  
Three's a company, that's enough for me

If she fuck with me, she in love with me  
I can't say the same, Damon Wayans, that's major Payne
