You're the one, but no
I'm not that worried to jump in for bones
I'll hide, where you go?
The makers I'll make in, but there'll be no faking,

Uh, let me talk my shit
Sixteen when you try to get me 35
And now the labels go back on my dick
I die boom boom, I like these days
Gotta say man shits slit jet,
Generally road the road and I ain't told em that ain't blowin up quick
Shit for the burbs, let em slip with the fith
First talk on the fit back
Burry the bullshit, these niggas signing be honest
And Lord know I told you that shit wet,
Wasn't even trying to be arrogant
Buried comparicing this to us
I mean it's just kind fat
Who can make the globe shit with the flow switch when I wrote this
I was on the plane, feeling like the David Blane,
I'm blowin' up the water when they try to put me in the box,
Box we got when I throw fist
High society, high as a .. with the whole clip
.. with a pen, hand pain the Benz and the body shop
Kamikaze top, blowin back he was thrown back
God knows we don't know shit,
You know the name, you know the gang, you know the same
We up next, but f*ck that right now young ..

Wonder how I staying flow when the pressure on my angle,
Could probably make a levy sing
Sing another song, see beauty in the pain
Paint the picture, put the picture in magazine
Lost a few niggas, red tattoo in my blue shoes back
When I was 17, I couldn't wait to be king
Close my eyes in my sleep, in my dreams I have sold out,
Every show sold out, so what happens it happen, pull
Magic, jumpin' like Michael Johnson needs Jack,
Yap yap, this is in the drop top, 'cause the packs ..
Someone told me I've been post the blog,
I'm cutting you from the road but from next the line

I'll be care for eyes .. and actually yeah, you happily capture you
Caping your beat with the bullet of your bet
Couldn't stay away on this street go to sleep TV
And the secrets show you where you at
Pitch black nightmare, killing right there, right light rich and .. the rap
