

## Bright Side

Vicetone

Let's be honest  
I was wandering  
Circles in the rain  
Too much thinking  
Heart was sinking  
I'd seen better days

In the black of the night  
You turned a spark to a fire  
I saw gold in your eyes  
In this sometimes dark life  
You're the bright side  
(Bright side)  
(Bright side)  
In this sometimes dark life  
You're the bright side

Expectations, I'm impatient  
Been a lonely way  
When your heart is cracked open  
That's the moment  
Everything can change

In the black of the night  
You turned a spark to a fire  
I saw gold in your eyes  
In this sometimes dark life  
You're the bright side  
(You're the bright side)

The moon could disappear  
The sun could slip away  
But there's a burning in your heart  
That'll never fade  
There are some things that I may never understand  
But I know you, I know you  
Like the back of my hand

In the black of the night  
You turned a spark to a fire  
I saw gold in your eyes  
In this sometimes dark life  
You're the bright side  
(You're the bright side)

In the black of the night  
You turned a spark to a fire  
I saw gold in your eyes  
In this sometimes dark life  
You're the bright side  
(Bright side)
