

# Heartbeat

Vicetone

The sunlight begins to fade now  
And I feel like I'm losing time  
But I don't know how I'm here  
The sunlight is turned to gray  
And I feel like I'm losing love again  
And I don't know how I'm here

And it's you that I want and need  
I could feel your heartbeat  
I could feel the sun when you're looking down  
I could feel your heartbeat  
I could feel the sun when you're looking down  
Cause it's you who I'm loving  
And it's you that I wanna breath  
And it's you who I'm loving  
And it's you that I want and need  
I could feel your heartbeat  
I could feel the sun when you're looking down  
Cause it's you who I'm loving  
And it's you that I wanna breath  
And it's you who I'm loving  
And it's you that I want and need

And it's you that I want and need

Feel the sun when you're looking down  
  
You that I want and need  
I could feel your heartbeat  
I could feel the sun when you're looking down  
I could feel your heartbeat  
I could feel the sun when you're looking down  
Cause it's you I'm loving  
And it's you that I wanna breath  
And it's you I'm loving  
And it's you that I want and need

And I know that we're getting older  
The world we build is slipping through our fingers  
We're running out of time  
And you are the one I've chosen  
And I won't lay still  
Living left behind, imprisoned by this love

I could feel your heartbeat  
I could feel the sun when you're looking down  
I could feel your heartbeat  
I could feel the sun when you're looking down  
Cause it's you I'm loving  
And it's you that I wanna breath  
And it's you who I'm loving  
And it's you that I want and need

Feel the sun when you're looking down

You that I want and need  
I could feel your heartbeat

I could feel the sun when you're looking down  
I could feel your heartbeat  
I could feel the sun when you're looking down  
Cause it's you I'm loving  
And it's you that I wanna breath  
And it's you I'm loving  
And it's you that I want and need

And it's you that I want and need

And it's you that I want and need
