

Tonight We Dance

Vicetone

We know they'll never understand
But that's okay
Tonight we dance
I know we never had chance
But that's okay
Tonight we dance

We know they'll never understand
But that's okay
Tonight we dance
I know we never had chance
But that's okay
Tonight we dance

Tonight we dance
Tonight we dance

Baby it's been too long
Since we danced until dawn
Till our feet were bleeding

We got things we should do
Throw away the excuse
Throw away your reasons

Let your body feel your soul
Burn the bills and let them go
Everybody rule the world
Let your body feel your soul
Burn the bills and let them go
Everybody rule the world

We know they'll never understand
But that's okay
Tonight we dance
I know we never had chance
But that's okay
Tonight we dance

Tonight we dance
Tonight we dance

Tonight tonight tonight
We dance
Tonight don't cry tonight
Tonight tonight tonight we
Live
Baby it's be too long

We know they'll never understand
But that's okay
Tonight we dance
I know we never had chance
But that's okay
Tonight we dance

Tonight we dance

Tonight we dance
Tonight we dance
