

# Waiting

Vicetone

I know I haven't called you  
And it's been a few months since I tried to  
Maybe I'm scared of saying the wrong thing  
My palm has been shaking  
From the weight of a heart that's breaking  
Pretend I don't care, but you're killing me

I'd be happy for you  
If you say you're happier with someone else  
And I'll be honest with you  
Just the thought of it hurts like hell

All this time you've been thinking I moved on  
But you should know I waited for you  
Even if I try, I could never let you go  
You should know I waited  
I'm always waiting for you  
I'm always waiting for you  
Oh, you should know, I waited

I know it ain't my business  
'Cause I'm the one who asked for the distance  
But are you alone? Are you alright?  
And maybe you would judge me  
If I said that I hope you still love me  
Feels like you don't, but I'm scared that I'm right

I'd be happy for you  
If you say you're happier with someone else  
But I'll be honest with you  
Just the thought of it hurts like hell

All this time you've been thinking I moved on  
But you should know I waited for you  
Even if I try, I could never let you go  
You should know I waited  
I'm always waiting for you  
I'm always waiting for you  
Oh, you should know, I waited

All this time you've been thinking I moved on  
But you should know I waited for you  
Even if I try, I could never let you go  
You should know I waited  
I'm always waiting for you  
I'm always waiting for you  
Oh, you should know, I waited
