

Way Back

Vicetone

Playing with temptation, searching for salvation
Can we find a way back? Way back?
Caught up in confusion, need a resolution
Can we find a way back? Way back?

No more running, no more running, no more chasing
No more running, now I'm running out of patience
Caught up in confusion, need a resolution
Can we find a way back? Way back?

Can we find a way back? Way back?
Can we find a way back? Way back?

Playing with temptation, searching for salvation
Can we find a way back? Way back?
Caught up in confusion, need a resolution
Can we find a way back? Way back?

No more running, no more running, no more chasing
No more running, now I'm running out of patience
Caught up in confusion, need a resolution
Can we find a way back? Way back?

Can we find a way back? Way back?

No more running, no more running, no more chasing
No more running, now I'm running out of patience
Caught up in confusion, need a resolution
