

Blitz the World

Vicious Rumors

Murderers are on the rampage
As lasers hit the sky
There's no mistake about the
Fire in your eye
More and more power
We conquer the land... mental
We make our final stand

(Blitz) Blitz the world
Now that you're on our side

(Blitz) Blitz the world
We'll rock 'til the end of time

(Blitz) It's getting closer
The deadline is set
We'll start a fire
That you'll not forget

Beware
The boys are coming back
Don't wait too long
Prepare for the attack

solo

(Blitz) You think we're crazy
Well I don't think so, no
Living, I've no time
We're always on the go
If you don't believe me
Well lots of kids will know
They'll turn and tell you
Let's go see the show
