

## Last of Our Kind

### Vicious Rumors

If you're gonna do it, do it right  
If you're gonna do it, make it tight  
If you're gonna go, go all the way  
If you're gonna go you better start today

Cause we're the last of our kind  
We've seen it all and left the rest behind  
We're the last of our kind  
And when we're gone let a new day shine

It's lonely, it's rebellious  
Where there's anger we have a home  
Contagious, it's evasive  
Where there's excess we're not alone

You don't know who I am  
I don't need your approval  
You don't know the blackest of times  
I don't need your approval  
I don't need your approval

You don't know who I am  
I don't need your approval  
We are who we are so never mind  
I don't need your approval
