

Luca

Vickeblanka

Luca, how's life

I'm alright

I mean it

I miss that time

But it's about time

I need to leave here now

A lukewarm water was in my pacsafe

We were walkie talkie under the slashing sunrise

Guys picked me up with a filthy car yeah

Though it was not Lambo

That's it that's the ride

At once I knew that

Life is nothing without nothing

No need to prove it

Go in the flow

Can you keep singing for a while

I'll catch my breath in breezy wild

My life is nothing

That means nothing

No need to prove it

Go in the flow

I don't wanna go back

There's a lot of fight fight fight fight

Valeri said

"There's no winner or loser, we all brothers"

Oh Sicilia!

Ey, what's life

Smoking all day long

Hey dog what is your name sir

Matteo kept joking overnight

He's totally a geek yeah I'm the same thing

Damn freaky Vinzenzo's English was making no sense

Frio!

At once I knew that

Life is nothing without nothing

No need to prove it

Go in the flow

Can you keep singing for a while

I'll catch my breath in breezy wild

My life is nothing

That means nothing

No need to prove it

Go in the flow

I don't wanna go back

There's a lot of fight fight fight fight

Valeri said

"There's no winner or loser, we all brothers"

I'm flying without wings

I'm a castle indeed

Don't talk to me
I'm breaking through the clouds
Follow me da I'm a strongest that you ever knew

At once I knew that
Life is nothing without nothing
No need to prove it
Go in the flow
Can you keep singing for a while
I'll catch my breath in breezy wild
My life is nothing
That means nothing
No need to prove it
Go in the flow
I don't wanna go back
There's a lot of fight fight...

Oh Sicilia!
