

## Natural Woman (English)

Vickeblanka

You just ride the fancy car  
And slide speedy crazy like a cheetah  
You can hit that curves inside out  
But this time you may be falling down  
Lighting bright and  
You will scream  
"Don't make me blind  
I can not see you"

(Drop out then)  
At once I bring you down  
(Drop out then)  
At once I bring you down  
Pick you up and snap you like a matchstick  
Pick you up and snap you like a matchstick  
Pick you up and snap you like a matchstick

Don't criticize (Me)  
Got only this way if you've any questions just tell me

Get outta sight  
You dumped at this time  
Just I'm about to spread wide  
Beauty and natural life

Natural woman, push me down  
Natural woman, push me down  
Getting closer  
Laying smoother  
Natural woman, push me down  
Natural woman, push me down  
Natural woman, push me down  
Natural woman, push me down  
Hey!

You just ride that fancy car  
And slide speedy crazy like a cheetah  
You can turn women's mind upside down  
But this time you may be falling down nah  
Good luck  
You gonna meet somebody  
Bad luck  
You gonna beat them  
Sometimes I ain't talked anybody pissed off  
'Cause its time, blow up and show up

Anyway  
You can come to  
My place  
Urban night town  
Say what I wanna be said  
Tell me

Get outta sight  
You dumped at this time  
Just I'm about to spread wide  
Beauty and natural life
