

Wednesday

Vickeblanka

Atarashī kono machi ni kite mō natsukashikute
Kotoba o kaetanara kō yatte raku ni utau no mo
Nidone no yōde zutto kono mamade ī n janai

(I've) done many cares
You know it's something like a part of warning
"Don't Be Silent"
My mother, father, sister, preachers in my heart
You find the reason and You find the way not to lose yourself
Let us walk

The Wednesday morning light, it hits me like a gun
When I was five years old, it was smooth and good
I never feel like that
So, get it done□ I should be much better just go walk
Waiting for you. Call me call me

Atarashī kono machi ni kite mada ochitsukanakute kitai ni mune yaburete
Tokidoki kikoeru oto dake koko ni atsumete tsunaide mo mienakute

I've done many cares
You know it's something like a part of warning
"Don't Be Silent"
My mother, father, sister, preachers in my heart

That's in your heart. Keep believing
Now you can go anywhere

The Wednesday morning light, it hits me like a gun
When I was five years old, it was smooth and good
I never feel like that
So, get it done□ I should be much better just go walk
Waiting for you. Call me call me

I kept secrets
I said good morning
