

Your Days

Vickeblanka

Hey, tell me your days
I really think about you, babe

I admire matured person
How can I be

I find you in the broken promise
I find you in the friendship under the lies
I find you on the ground
I find you in lights
Do you realize my scars, hey, what am I
Suppose to do
I'm thinking about your days

Can you feel me I talk about you everyday
Every morning waked indeed
You won't believe
I'm still stuck right here
Did you love me I thought about you
Everynight
Every evening slept indeed
You won't believe
I'm still stuck right here now

I'm a fool again
And I thought that I dutch
Too many things
All the memories frozen in time are becoming
So rough
Anyway anyway

Coming back
Such a feeling I got
By you babe
I'm begging you
Just save me alive
Rescue me I can't do this on my own
More than I take it

Can you feel me I talk about you everyday
Every morning waked indeed
You won't believe
I'm still stuck right here
Did you love me I thought about you
Everynight
Every evening slept indeed
You won't believe
I'm still stuck right here now
Oh, you know
I'm still stuck right here your love

Save me alive
Rescue me I can't do this on my own
More than I take it
More than I take it

Hey, tell me your days

I really think about you, babe
