Hello

Ah I'm nervous, alright

Hello, it's been a while
It's so awkward to hear your voice
Hello, don't hang up, I have something to say
I wanna be with you again
Like a melodrama
We became stars of a sad ending
Hello, why are we like this?
We keep missing each other

Yeah yeah
I remember when I first saw you
Your phone number,
Your phone
Is still the same
But now it's hard to send you
A "how are you" text
It's awkward
Now I'm more used to
Being alone than with you
But why are you still in my head?

Yeah
Your smile remember
Your scent remember
I try to forget but my heart aches

Our times, remember
Can't erase it easily
You know this too
Woo woo, you know
Yeah yeah yeah

Hello, do you remember?
Our journey, our party
All of our happy memories
I can't forget, can't we go back?
Can't I love you again?

Hello, hold on, don't hang up
I have something to say
It's been a while
All the things I couldn't say
I'll take courage and say them now
After you left
I've been waiting at the same spot
If you come back
Everything
Will be the same

Yeah
Your smile remember
Your scent remember
I try to forget but my heart aches
Our times, remember
Can't erase it easily
You know this too

Hello, I know you hated me
I didn't know back then
That my greed trapped you
Hello, please give me one chance
To love you,
To live for you

Yeah
Your smile remember
Your scent remember
I try to forget but my heart aches
Our times, remember
Can't erase it easily
You know this too
(Cause we were happy)
Woo woo, you know
Yeah yeah yeah

Hello
