

Chronograph

VICTON

Wake up in the mornin'
Time ain't movin' like it used to
Everything is all about you, baby

Let up on my heart, you get it racin'
Then it skips a beat when I look into your eyes
Oh why, oh why

When your gravity pulls me in
Can't resist you, I need the fix
It's a perfect calibration, you and I

Can I sink into your touch, I feel it now
Ready, set, let's start the countdown
5, 4, 3, 2, 1, ah

You're makin' me spin, Love Chronograph
With you every minute feels like a second
And I just can't get enough

I won't miss a thing, Love Chronograph
It's always unforgettable
Gotta save it all

How do I pace it
Every moment not with you is wasted
I keep on chasin' time

It is not too late
But the time is quickly runnin' out
So fast nowadays

It's okay
In my head goin' tick tock, keeping track
Love Chronograph
It's around the clock

Every hand set in your direction
Girl, I be runnin' to you, no break

I will give you all I got
Guarantee I never stop
I'm followin' the flow of time
I b-b-b-better be flyin' straight

It's a crazy new paradigm
An original state of mind
You're my present, you're my future, you're my past

And we'll never be apart
Girl, you're forever engraved in my heart
Ready, set, let's start the countdown
5, 4, 3, 2, 1, ah

You're makin' me spin, Love Chronograph
With you every minute feels like a second
And I just can't get enough

I won't miss a thing, Love Chronograph
It's always unforgettable
Gotta save it all

You're the center of my world Always the same
Going on and on, It's you all day
I'm surrenderin' to you now
Can't escape your hold on me
'Cause everyday it's gettin' stronger, uh

I don't wanna wait, Love Chronograph
I'm breakin' the limit, bring on the ticket
Gotta speed my way to you

Best part of my day, Love Chronograph
It's almost unbelievable
Gotta save it all

Got me breathless but I can't stop
I won't hold it back,
Won't slow it down uh yeah
'Cause I wanna come explore ya, uh

How do I pace it
Every moment not with you is wasted
I keep on chasin' time
