Now it's so natural to me
As if being normal is helplessly awkward
Even if that's hard, it suits me
I was always walking in place then the sun set

Sometimes, I get sick of it but errday I'm obsessed
Why be unhappy with happy endings that are a bit late?
It's ok to be late, on better days
I'm ready to see you and the light

Where is the end of the shadows?
Where are we?
We're so young and soft
Afraid of everything
Should we run away?
No matter how much I ask myself
I can't stop here
I can get up again, yeah

Into the light, I'll be a bright light for you
Hard days now bye bye
Dance as if it's your last
Open your eyes, I'll be your light from now on
Now fly high, fly high
You trust me, count on me yeah

So I can be your single ray of light
So you can be my light and we can be each other's lights
But you can shine way brighter than me
So you can shine on your shadow when you turn around

If this is a movie, we're working together
Don't think about sad endings, just live today
Give it your all, even with big and small NGs
I'm happy with my life even after the curtains go down

Where is the end of our wandering?

Where are we going?
I'm still immature and I still lack
Everything feels unfamiliar and cloudy
What's the answer?
I ask myself
But I can't find it alone
We can do it together, yeah

Into the light, I'll be a bright light for you
Hard days now bye bye
Dance as if it's your last
Open your eyes, I'll be your light from now on
Now fly high, fly high
You trust me, count on me yeah

When our lights shine
When the day we dreamed of opens up
Shine on you (shine on me)
In this one world we live in
I'll forever shine on you
Let me hold your hand

Into the light, I'll be a bright light for you
Hard days now bye bye
Dance as if it's your last
Open your eyes, I'll be your light from now on
Now fly high, fly high
You trust me, count on me yeah

Into the light, I'll be a bright light for you
Hard days now bye bye
Dance as if it's your last
Open your eyes, I'll be your light from now on
Now fly high, fly high
You trust me, count on me yeah
