I saw your photo for the first time in a while
All the happy days, all the way on the bottom of your timeline
Actually, I couldn't erase them
All those days I spent with you

Your pretty face is still so clear
Your voice that melted my heart
No matter where I am or what I do
Traces of you follow me

The sunlight looks so bright
It's warm like that day
Seems like you'll be in pain
Over those pictures too

I can't cut you out of my heart
I'm still lingering around you
I can't take my finger off the call button
I can't, I can't

My life is so bad compared to your SNS
They said I should've treated you better when I had you
Yeah, this is a waste of time, why am I doing this?
Feels like my days are empty, so I'm filling up my glass again
Go back, back to those times, to that happiness

I thought I'd forget you but you're still so clear
I thought I'd be alright but I need you
No matter where I am or what I do
I can't fill up your empty spot

The sunlight looks so bright
It's warm like that day
Seems like you'll be in pain
Over those pictures too

I can't cut you out of my heart
I'm still lingering around you
I can't take my finger off the call button
I can't, I can't

Come back to me, though you can't hear me
Though you won't feel the same way, love
Come back, come back

The you of the past, the you that I remember
Is still so bright but why are we so dark?
I won't look for you anymore
I don't follow that shh nah mean
Trapped in my shattered phone, right here

The sunlight looks so bright
It's warm like that day
Seems like you'll be in pain
Over those pictures too

I can't cut you out of my heart
I'm still lingering around you
I can't take my finger off the call button
I can't, I can't

The sunlight looks so bright
It's warm like that day
Seems like you'll be in pain
Over those pictures too

I saw your photo for the first time in a while
All the happy days, all the way on the bottom of your timeline
