Lie lie lie lie lie

My heart that was broader than the sky
Is becoming smaller and smaller
Yesterday and today,
You came to me
Making my heart freeze like ice

I see you next to me
Even in my dreams
Even I can't win over you
I've already fallen for you
There's no one but you
I can't see
Anyone else

You're smiling at me
With true feelings
Even if I throw away everything else
I only need that smile
What makes me go crazier
Is your existence
I've never said it was love
But I didn't know
I'd become a fool like this

I don't think you now
How your laugh makes my heart cry
I'm still trying to untie
The knots that those words made in me
I turn on music and it feels refreshing
Sometimes, my heart aches so I cry
I want to spread out and sleep comfortably
But why do I keep curling up into a ball?

Without you
My life has withered, it's so dry
My heart is split
There are calluses deep inside

Thanks but even if it's not for you
There are a lot of pitying eyes on me
I'm hoping it's not too late
I hope flowers will bloom between the memories of breaking up

You're smiling at me
With true feelings
Even if I throw away everything else
I only need that smile
What makes me go crazier
Is your existence
I've never said it was love
But I didn't know
I'd become a fool like this

Did you eat?
Are you sick?
Aren't you scared?
I'm really worried
I wanna see you even if it's just for a moment
Don't go, don't go
Don't leave me like this
I won't let go of this hand

You're smiling at me
With true feelings
Even if I throw away everything else
I only need that smile
What makes me go crazier
Is your existence
I've never said it was love
But I didn't know
I'd become a fool like this
