

Space & Time

Victony

Shout out to folake
Shout out to shade
Make they farabale
Make I go my way
I need my space & time now
I need my space sometimes now

Shout out to folake
Shout out to shade
Make dem farabale
Make I go my way
I need my space & time now
I need my space sometimes now

But I don't need love love love
I don't need love love loooove
Say, I need my space & time now
I need my space

Say, I don't need love love love
I don't need love love loooove
Say, I need my space & time now
I need my space & time now

Space, space
Space, space & time now
I need my space & time now

What do you need?
If it is love then it's all lie
Meet me outside
Meet me outside
(Yeah, yeah)
Outside

Shout out to folake
Shout out to shade
Make they farabale
Make I go my way
I need my space & time now
I need my space of time now

Shout out to folake

I need my space & time now
I need my space & time now
