Victony

I was in my tiny apartment  
It was a normal Saturday night  
I ordered Chinese, it was wine night  
But then we started fighting  
I fucking hated when we fight

I'm looking forward to tomorrow  
Even if the time really borrowed  
You got get lost in the sauce  
Please don't get lost in sauce  
I'm paying my regards  
I'm giving you your flowers  
I'm on tour torn apart  
I'm here with Joan of Ark  
We always go to war  
I ignore your flaws

Beggi make you no give me excess trouble  
Sake of I no get e excess bundle  
Abeggi make you let me breathe, where you wan go?  
Make e cherry ripe, 'fore pluck e mango  
Beggi make you no give me excess trouble  
Sake of I no get e excess bundle  
Girl abeggi make you breathe, where you wan go?  
Baby no be my bag you go fumble  
Aye

Deep at night  
I'm scared to sleep at night  
I still see your face in the dark babe  
In the hallways

But can you lie?  
Can you dance by the candle light  
I don't need all the card games  
I don't want all the heartache

In my tiny apartment  
I loved your body often  
And I don't even know  
When you're coming home  
In our beautiful fortress  
I still see where your heart lives  
I can't let it go

In my tiny apartment  
As you say make I park well  
Girl na my blankie I use hold body oh  
I use hold body oh  
In my beautiful darkness  
Abi na here your devil lodge and?  
Na my blankie I use hold hold  
Uh uh uh

Aye  
Until the  
Time finished

I'm counting minutes  
I hate to  
Lose the feelings we had in beginning  
I mean ya  
Say it's perfect  
It's such a blemish  
Ya say your giving me your all  
It's just a percentage

And if I talk, girl e no go finish  
Drop Instagram post in a new bikini  
Tell me another man wey go love you pieces?  
Cos you carry yansh wey dey make your girls timid

This is a  
Slime a business  
I'm not from Greenwich  
You Got me  
Punching air  
Girl your such a menace  
We going  
Back and forth  
You're in love with tennis  
You giving me these mixed emotions  
Your a fucking chemist

On my knees I dey do my penance  
Girl you say I act different  
It's not a gimmick  
So I clean myself up, you no go see me finish  
And I keep my guard up, before my heart e pieces

Deep at night  
I'm scared to sleep at night  
I still see your face in the dark babe  
In the hallways

I don't want all the heartache

In my tiny apartment
