

Burning

Victor Thompson

Offer myself a sacrifice
Living for You, Lord, all my life
Deeply consumed by the love He has for me
Spend all my days follow Your ways only

Offer myself a sacrifice
Living for You, Lord, all my life
Deeply consumed by the love He has for me
Spend all my days follow Your ways only

Spend all my days follow Your ways only

Keep me burning, burning, burning, burning
Keep me burning, burning for You
Keep me burning, burning, burning, burning
Keep me burning, burning for You

I'll keep running running running
I'll keep running running to You
I'll keep running running running
I'll keep running running to You

I'll keep longing, longing, longing
I'll keep longing, longing for You
I'll keep longing, longing, longing
I'll keep longing, longing for You

I'll keep longing, longing, longing
I'll keep longing, longing for You
I'll keep longing, longing, longing
I'll keep longing, longing for You

As the deer pants for the waters
So my soul
My soul longs for You

Keep me burning, burning, burning
Until I see You face-to-face

I'll keep burning, burning, burning
I'll keep burning, burning for you
I'll keep burning, burning, burning
I'll keep burning, burning for you
