

Hmmmmmmmm

I will make it known to the whole world  
Whole world whole world  
And with every sound I'll shout it loud  
Whole world whole world

I will make it known to the whole world  
Whole world whole world  
And with every sound I'll shout it loud  
Whole world whole world

You have been good to me  
Your grace is all I see  
You are so good to me  
Your goodness never cease  
You have been good to me  
Your grace is all I see  
You are so good to me  
Your goodness never cease  
In every storm You're my calm  
You give me strength to overcome  
When I'm broken  
You're right there  
Every day  
You are my anchor  
When I'm broken you're right there  
Every day  
You are my anchor

You have been good to me  
Your grace is all I see  
You are so good to me  
Your goodness ever cease

Never cease  
Never cease  
Never cease  
Never cease
