

# Crazy Stupid Love

Victoria Duffield

[?] sleepless in Seattle  
I've been checking each day but I never get mail  
Oh I believe in serendipity  
Though I don't know what love is actually  
But it's real, it's oh so real

Before I met you no I didn't believe  
The only love I knew was romance on the big screen  
Before I met you I just didn't know  
I thought love was crazy and stupid

Then I found crazy stupid love  
Crazy stupid love  
Crazy stupid love  
It's crazy and stupid  
I love how you do it  
Our crazy stupid love

I was looking for love and ever-afters  
But when I was in ruin I'd never been kissed, no  
I was sayin' anything for love  
A pretty one that grows out of love  
But you're here, oh you're right here

See it in your eyes, I feel it on your lips  
I know it deep inside, this is good as it gets

Now that I met you boy you made me believe, yeah  
There's more to life than just some romance on the big screen  
Before I met you I just didn't know  
I thought love was crazy and stupid

Then I found crazy stupid love  
Crazy stupid love  
Crazy stupid love  
It's crazy and stupid  
I love how you do it  
Our crazy stupid love

Mmh, crazy stupid love, yeah

I was thinkin' bout all our silver linings  
There's a million things that I love about you

Oh you're my crazy stupid love  
Crazy stupid love  
Crazy stupid love  
It's crazy and stupid  
I love how you do it

Our crazy stupid love  
Crazy stupid love  
Crazy stupid love  
It's crazy and stupid  
I love how you do it  
Our crazy stupid love
