

Stay in Your Lane

Victoria Duffield

It's not your temple, you can't wow me forever
Keep talkin' shit boy, puttin' on pressure
I try being civil, keepin' it cool
Need just a little, a little more room
It's really nothin' personal, no

I just feel so good, so fine
I wait too much I pull your mind
So good, so bright
Don't get too close, don't pull my hide
Boy you don't deserve me
You're way too fuckin' thirsty
So stand aside
Boy stay in your lane tonight

Ooh I've been not thinkin', out lookin' trouble
I'm not for the takin', hate to burst your bubble
I try bein' honest, speakin' the truth
Hook what you want and you don't get to choose
It's really nothin' personal, no

I just feel so good, so fine
I wait too much I pull your mind
So good, so bright
Don't get too close, don't pull my hide
Boy you don't deserve me
You're way too fuckin' thirsty
So stand aside
Boy stay in your lane tonight

Stay in your lane, it's my floor tonight
Boy stay in your lane tonight
Boy stay in your lane, it's my floor tonight
Boy stay in your lane tonight
Boy stay in your lane, it's my floor tonight
Boy stay in your lane tonight
Boy stay in your lane, it's my floor tonight
Boy stay in your lane tonight

I just feel so good, so fine
I wait too much I pull your mind
So good, so bright
Don't get too close, don't pull my hide
Boy you don't deserve me
You're way too fuckin' thirsty
So stand aside
Boy stay in your lane tonight
Boy stay in your lane tonight

Boy stay in your lane tonight
