

Talk

Victoria Duffield

Let's just be honest, no need to tiptoe
Talk to me baby, cards on the table
Don't know what you're thinkin'
No need to get so, passive-aggressive boy
Don't get so defensive, no

You keep secrets, I don't ask
I'm half empty, you're half-assed
If you don't care that this won't last, oh-oh-oh
You take shots and I hate that
All closed off and I pull back
I care too much till I just collapse, so

I think we should talk
I'm not sayin' that it's all your fault
Honestly I just don't know what's up
I think we should talk, talk, talk

I thought we had it [?]
Sick of the silence, it's time speak up
And I wonder why, why you can't decide
At the end of the night, are you even on my side?

You keep secrets, I don't ask
I'm half empty, you're half-assed
If you don't care that this won't last, oh-oh-oh
You take shots and I hate that
All closed off and I pull back
I care too much till I just collapse, so

I think we should talk
I'm not sayin' that it's all your fault
Honestly I just don't know what's up
I think we should talk, talk, talk

You been pullin' on my heart string
You been leavin' me no options, watch me talkin'
I can feel the disconnect when I walk in
I been tryna call you up but you blocked, yeah
Why you got to do me like I'm nobody
I just need your body, girl I know you want me

If you love me then you better say something
'Cause I can't keep wonderin' about us
If you loved me you would give me something
You would talk to me, talk to me, talk to me

I think we should talk
I'm not sayin' that it's all your fault
Honestly I just don't know what's up
I think we should talk, talk, talk

I think we should talk
I'm not sayin' that it's all your fault
Honestly I just don't know what's up
I think we should talk, talk, talk
(I don't know what's been up with you, up with you)
