

Good Time x Trouble

Victoria Monét

Rain drops falling from the window as I look in your eyes
Full moon kissing on my body like the stars kiss the sky
Show me to the rain, let me be the rain
Imma show you a good time, uh
Cause I know, I know, I know, I know, I know
I know you want a good time...

Mmm

And what you wish for is what you get
One silver moon, don't you love my silhouette?
And what you wish for is what you get
I know you've been wishing for this
You want a good time...
I know, I know, I know, I know, I know
I know you want a good time...

Flashing lights, cuffs and guns
What a night, we should run
I'm an innocent girl, this feels like another world
I'm an innocent girl and you know it
You gon' get me in trouble... get me in trouble
You ain't nothing but trouble, nothing but trouble
And I like that...
Oh, I like that...

Hide and seek, tell no one
Can't believe what we've done
I'm an innocent girl, this feels like another world
I'm an innocent girl and you know it
You gon' get me in trouble... get me in trouble
You ain't nothing but trouble, nothing but trouble
And I like that...
Oh, I like that...
