Victoria Monét

Ladies, if you're single (single, single)
And you are here tryna catch one
Baby girl, our time is coming, there's gon' be someone that Complements the
vision

So just keep your mind right and keep that body tight
Be everything you'd wanna see in him, it's only right
Better do it while you're single
He's somewhere looking for you, single

We gotta stay ready
Gotta stay ready
Oh

Something like a baseball game, I'm a catcher in position
Focused on a ball, you know I don't wanna miss it
I'm ready
Oh, ready

Ready

We can do it solo (solo, solo)
But it's nice to have a witness
Double the pleasure, and triple them funds
When you both about the business, yeah

So just keep your mind right and keep that body tight
Be everything you'd wanna see in him, it's only right
Better do it while you're single
He's somewhere looking for you, single

We gotta stay ready
Gotta stay ready
Oh

Something like a baseball game, I'm a catcher in position
Focused on a ball, you know I don't wanna miss it
I'm ready
Oh, ready

Ladies, we gotta stay ready
Ready
We gotta stay ready
We gotta stay ready

Something like a baseball game, I'm a catcher in position
Focused on a ball, you know I don't wanna miss it
I'm ready
Oh, ready

Ready
Ready
Oh
Ready
